

Cloud Coach Live London

October 31st 2022

8:30 - 9:30 am: Registration

9:30 - 10:15 am: Keynote

10:30 - 11:15 am: Planning and Forecasting for Project Initiation, Resource Capacity, and Budgeting

The first in our three-part project series: the team explores methods for creating and tracking project requests, forecasting labor needs and shifting resource requirements, and best-practices for financial budgeting.

11:30 - 12:15 pm: Executing Exceptional Project and Customer Delivery

Continue through our three-part project series, learning how to optimize project delivery and customer collaboration to drive speed-to-value, high-level client satisfaction through meetings and external deliverables, and improved engagement across all your business initiatives.

12:30 - 1:15 pm: Lunch

1:30 - 2:15 pm: Reconciling Estimates vs Actuals Across Projects, Resources, and Financials

The finale of our three-part project series – learn how to report and action on your estimates vs actuals, including industry recommendations for time entry, financial budgeting, and project scope!

2:30 - 3:15 pm: Scale for Success

Master best practices and tips and tricks for automation that scales with your Salesforce instance, and discover how to maximize middleware and Salesforce solutions to link your Cloud Coach projects with the most commonly requested external tools!

3:30 - 4:15 pm: Roadmap Requests

Share feedback and feature requests through a live Q&A with the product team.

4:30 pm: Cocktail Reception
